- 4 **Upgrade certificates** · Use certificates earned through the loyalty program.

3.2 Eligibility

- Available to all loyalty program members.
- Must be booked at least 24 hours before departure.
- Subject to availability in the upgrade cabin.
- Basic Economy fares are NOT eligible for mileage upgrades.
- The co-pay is non-refundable once the upgrade is confirmed.
- If the upgrade is not confirmed (waitlisted and not cleared), miles and co-pay are refunded.

3.3 Mileage Upgrade Waitlist

If the upgrade cabin is full, you can join the waitlist. Waitlist priority:

- 1 Platinum members
- 2 Gold members
- 3 Silver members
- 4 Blue members
- 5 Within each tier: by date of upgrade request

Waitlist upgrades are cleared starting 24 hours before departure and continue until the gate closes.

4. Complimentary Upgrades

4.1 Eligibility by Tier

Tier	Domestic	Short-Haul Intl	Long-Haul Intl	-----	-----	-----	-----	Blue	Not eligible
Not eligible	Not eligible	Silver	Economy · Premium Economy	Not eligible	Not eligible	Gold	Economy · Business	Economy · Premium Economy	Not eligible
Platinum	Economy · Business	Economy · Business	Economy · Premium Economy						

4.2 How Complimentary Upgrades Work

- Automatic: Eligible members are placed on the upgrade list when they check in.
- No action required from the passenger.
- Upgrades are cleared starting 24 hours before departure based on tier and check-in time.
- You will be notified via email and app notification if your upgrade is confirmed.
- Your original seat is released when the upgrade is confirmed.

4.3 Fare Class Restrictions

Complimentary upgrades are available on most fare classes except:

- Basic Economy (not eligible for any upgrades)
- Deeply discounted promotional fares
- Award tickets (booked with miles)

5. Upgrade Certificates

5.1 Earning Certificates

- Platinum members receive 4 one-cabin upgrade certificates per year as a Choice Reward.
- Certificates are valid for 12 months from issue date.
- Each certificate upgrades one passenger on one flight segment.

5.2 Using Certificates

- Apply the certificate when booking or during manage trip.
- Subject to availability in the upgrade cabin.
- Can be waitlisted if upgrade cabin is full.
- Cannot be combined with mileage upgrades.
- Non-transferable (must be used by the member who earned them).

6. Important Notes

- Upgrades are per flight segment, not per itinerary. A round trip requires two upgrades.
- Upgraded passengers receive all benefits of the higher cabin (meals, baggage, lounge access for that flight).
- If your upgraded flight is cancelled and you are rebooked, the upgrade may not transfer to the new flight. You will be rebooked in your original cabin and placed on the upgrade waitlist for the new flight.
